The Bureau of Ocean Energy Management (BOEM) is issuing this Director's Order to Revolution Wind, LLC to halt all ongoing activities related to the Revolution Wind Project on the outer continental shelf (OCS) to allow time for it to address concerns that have arisen during the review that the Department is undertaking pursuant to the President's Memorandum of January 20, 2025. 90 Fed. Reg. 8363 (January 29, 2025).

BOEM is acting to ensure that all activities authorized under the Outer Continental Shelf Lands Act, 43 U.S.C. §§ 1331 *et seq.*, and the implementing regulations at 30 C.F.R. In particular, BOEM is seeking to address concerns related to the protection of national security interests of the United States and prevention of interference with reasonable uses of the exclusive economic zone, the high seas, and the territorial seas, as described in that subsection of OCSLA. *Id.* The BOEM Director is taking this action to ensure compliance with the requirements of the Part 585 regulations and applicable law.

You may not resume activities until BOEM informs you that BOEM has completed its necessary review. If you fail to comply with the terms of this order, BOEM may take additional corrective action as appropriate. 30 C.F.R. § 585.106(a). This order applies only to activities on the OCS.
